New luxury apartment for sale in Rovinj!

We are proud to present a new construction project currently in the ROH-BAU phase, consisting of a total of 6 residential units, with 2 apartments on each floor.

This high-quality building is located just 500 meters from beautiful, well-maintained beaches, crystal-clear sea, and a scenic promenade with a cycling path through nature and parks.

This project offers you the rare opportunity to own a property in a prestigious and luxurious location in the city of Rovinj. Surrounded by family homes and modern buildings, it is only a 3-minute drive from the city center. The location is perfect for those seeking an investment for developing luxury tourism or for those in search of a private haven of peace and privacy in the magical and irresistible Rovinj.

Apartment details:

The apartments are spacious, each covering 159 m², with dedicated parking spaces.

The layout of each apartment is designed to maximize functionality. Upon entering, you are welcomed by a foyer/hallway that separates the private areas of the apartment from the open-plan living and entertainment space.

The open-plan area includes space for a large kitchen, a comfortable dining area, and a spacious living room that leads through glass doors to a covered terrace with a jacuzzi. The private section consists of two bedrooms and two bathrooms.

An internal staircase leads to the second level, where you'll find a comfortable living room with access to a terrace offering stunning panoramic views. In this section, there is also a spacious bedroom and bathroom, as well as an additional room designed as a playroom.

Additional advantages and information:

- The apartment is sold "turnkey," without furniture.
- The price includes underfloor heating throughout the entire apartment.
- Each room will be equipped with air conditioning.
- High-quality windows with electric shutters will be installed.
- The building is equipped with an elevator that connects all floors, including the basement.
- Only high-quality, proven materials are being used during construction.
- The completion of the project and the possibility of moving in are planned for before the summer season of 2025.

Location details:

The apartments are situated in one of the most sought-after locations in the market, especially in the city of
