At a distance of 7 km from Porec, we offer you a detached villa under construction which will be finalized in 2023.

The house will consist of a ground floor and an upper floor and will be located on a plot of 800m², while the villa itself will be 116m².

On the ground floor of the house, there will be a kitchen with a dining room in an open space concept from where you will be able to go out to a covered terrace, a living room from where you will also be able to go out to a covered terrace and then to the sun deck, guest toilet, bathroom, hallway and guest room.

On the upper floor there will be two bedrooms, a utility room, 2 bedrooms with their own bathrooms, which lead out to their own covered terraces.

The house will be built with quality materials, which the future owner will be able to choose in agreement with the investor, given that construction will start in the 10th month of 2022.

This is an ideal opportunity for investors, i.e. for rent during the tourist season, but it can also serve as a quiet oasis for the family.
