Njivice is an exceptionally charming little coastal town on the northwest coast of the island of Krk (now - Krk peninsula connected by the bridge). They abound in beautiful beaches and bays along the romantic promenade by the sea. A beautiful center with its picturesque harbor, colorful town houses and cozy taverns.

Njivice is located between Malinska and Omišalj and is one of the most recommended vacation spots with its beautiful beaches on the island of Krk. The small town stretches along the coast for about 3 kilometers, from the Njivice camp in the north to the quiet tourist resort of Kijac in the south. The first settlement most likely dates back to antiquity, and the town was first mentioned in a document in 1474. A few years ago it was still a small peaceful fishing village, and now Njivice is a beautiful holiday paradise, which fortunately has retained its unique flair.
