Excellent investment land for construction of 3 buildings in the center of Opatija, with sea views!

We mediate in the sale of a larger building plot above the very center of Opatija. It is a plot of land measuring 3200m².

It is meant for the construction of 3 larger buildings, each with 600m² gross floor area + terraces + garage. The buildings are planned to have a larger yard and swimming pools.

Thanks to the elevated position of the terrain, a panoramic view of the sea is offered from every point. The building land plot is located in a quiet side street above the center. Very high-quality approach, water and electricity available.

It is important to point out that the land is surrounded by a quality neighborhood, - there are also steps in the immediate vicinity that lead to the center of Opatija in 7 minutes on foot.

The drive to Opatija takes literally one minute.

One of the rare remaining land plots with a panoramic sea view of this size in the center of Opatija!
